Canto Touch

Canto Touch: Necta makes the difference

Other vending machines can tease you with a touch screen interface and offer you a wide and customizable drink menu: but not like Canto Touch. Just try it once, feel and taste the difference and be delighted by the quality of the drink, brewed and served according to your taste. Just like high street coffees.

The aesthetics of Canto Touch is incomparable. The harmonious and modern design features an eye-catching and intuitive interface. It has great visual impact through the use of emotional images and warmth of colour, inspired by the smooth pleasure of the drinks. Moreover, Canto Touch is also entertainment, information, news and marketing. A real dispenser of tailor-made services for the end user.

Canto Touch: authentic sensory pleasure.

TOUCH THE DIFFERENCE

- Selection area with 21.5" full HD touch screen
- Elegant and easy to use start up screen
- Visual drinks menu with large customizable product icons
- Possibility to run promotional videos and other multimedia contents which can also be linked to drink selections
- Nutritional facts for each selection
- Sound available

PATENTED TECHNOLOGIES FOR THE PERFECT DRINK

- Z4000 espresso brewer with bi-directional movement for a faster vend cycle
- Sigma fresh brew brewer
- FREEMIX technology for instant products
- Pump technology replacing solenoid valves, increases accuracy and helps reduce scale
- Highly customizable drinks menu
- Three programmable energy saving modes
- 24 volts variable speed mixers

ELECTRONICS

- New Necta Touch electronic platform
- Machine management through Giga Touch software
- Movement Infra Red sensor
- UMTS connection to show live news, RSS feed and manage the machine in real time available as option
